The CQ Rewind Show Notes will be available within one week of the live broadcast. Please refer to these diagrams when listening prior to its availability.

Listeners can write us at inspiration@christianquestions.com for a comprehensive chart called *Israel's Sacrifices*, detailing these offerings and their spiritual meanings. It includes three specific priestly services that were vital to Israel and highly symbolic of the future ages. We are also offering a pdf or booklet called, *Israel's Tabernacle*. Both are provided upon request free of charge to the United States.

What was the Tabernacle?

A portable temple that was part of the Law given to Moses. The description and details are found primarily in the books of Exodus and Leviticus.
